Sub : Diversion of 0.420 ha. forest land in Dewas District for
construction of 11 KV Line for M.P.E.B. (Tanukhed - Katurya 11kV line)

Sir,

I have to invite a reference to your letter No. F/5/38/89/10/3, dated 7-8-89, on the above mentioned subject, seeking prior approval of the Central Government under section 2 of the Forest (Conservation) Act, 1980.

After careful consideration of the proposal and on the basis of the powers delegated under para 2(i) of Forest (Conservation) Amendment Rules, 1989, the undersigned hereby conveys the approval of the Central Government for diversion of 0.420 ha. of forest land in Dewas District ^{for} laying 11 KV Line for M.P.E.B.

The diversion of forest land will be subject to following conditions :-

1. The legal status of the forest land will remain unchanged.
2. The maximum width permitted for the right of way will be 7 meter.
3. The tree growth clearance over 3 meter wide strip below each conductor is permitted only for taking the tension stringing equipment. But after the stringing work is completed, the natural regeneration will be allowed to come up over the cleared strips.
4. Within the ~~right~~ right of way (7 M), with the permission of local forest officer trees will be felled or lopped to provide a

2.6 m. minimum clearance from the conductors, to prevent electrical hazards.

5. In case the transmission line involves some hilly areas, where such clearance from the conductors is already available, trees will not be ~~cut~~ *cut*.
6. A firewood depot will be opened by M.P.E.B. to supply firewood to the labourers working on the site for ~~the~~ execution of the line and no damage will be done to the adjoining forests.

Yours faithfully,

Sd/-
